

Because ... life happens

"I don't need disability insurance because I have it through work."

Disability insurance through your job is a great benefit, but make sure you find out exactly what type coverage you have. Is it short-term, long-term? How much of your paycheck does it cover and for how long?

Remember, if you were sick or injured and unable to work, it's your disability insurance that would replace a portion of your paycheck until you could work again. Make sure it's enough to help you make ends meet.

Life can happen in an instant, so protect your financial future with disability insurance. Learn more at www.lifehappens.org/DI.
